**KELSEY NURSERY SERVICE**  
FIFTY CHURCH STREET  
NEW YORK 7, N. Y.

**PACKING COSTS**—Free if cash accompanies order, **except stock dug with a ball of earth.** Otherwise, packing is charged at cost (usually 10% of cost of stock). Balled, heavy evergreens: we will estimate costs in advance if you wish.

**LIMITED RESPONSIBILITY**—We disclaim responsibility for any reason in amounts greater than invoiced.

**PRICES**—Net at the nursery. Transportation to be added at actual cost. Usually 5 sold at rate per ten, 50 at 100 rate.

**CLAIMS** for errors, shortages or other causes must be made within 10 days.

**ADVANCE 1948 PRICE-LIST**

# Young Trees

An empty acre produces nothing but taxes. An acre of trees is handsome; it's fun to watch as they mature.

"S"—indicates seedlings not transplanted.

"X"—indicates each transplanting.

## in Quantity

### EVERGREEN SEEDLINGS

Should be planted about four inches apart in beds. Here they are left two years shaded by a lath screen.

### TRANSPLANTS

Evergreens that have been moved, or have had their roots pruned, form a close, compact system of fibrous roots. To be planted out in the open fields in rows.

### SMALL DECIDUOUS TREES

Deciduous trees and shrubs need pruning back upon planting. With deciduous shrubs cut to the ground upon setting them out. Trees with a single stem: prune off side twigs when planting, and then a month later go over the planting again and cut away all but one single stem.

**THE YEAR AFTER PLANTING**  
These little White Pines were about 1½ feet high, twice transplanted, and cost about 30c each.

**TWENTY YEARS LATER**  
The photo taken near the same place shows a young forest. Trees are 25 to 30 feet high. Worth \$50.00 or more each!

## YOUNG EVERGREEN TREES

### ABIES (Fir)

	(25)	(100)	(1000)
<b>balsamea</b> (Balsam Fir) Ideal evergreen for wet land. Popular for Christmas trees.			
4 to 6 in. S.....	\$ 9.50	\$ 75.00	
6 to 8 in. S.....	13.50	95.00	
4 to 6 in. X.....	\$4.50	15.00	130.00
6 to 9 in. X.....	6.00	20.00	175.00

—FRAGRANS (Rare, early, fragrant).  
10 to 12 in. (pot)..... 1.90  
12 to 15 in. (pot)..... 2.50

### Wisteria

—PRAECOX (ISSAI) Blooms young. Blue.  
3 inch pot..... 1.25

# Dwarf Fruit Trees

Grafted on special dwarfing stocks, fruit is large, but tree never grows over 10 to 15 feet.

A dwarf can be sprayed, pruned and picked by hand without ladders or equipment. It bears much earlier in life, in its third or fourth year. Planting is the same as any deciduous tree. Soil should be richer. A mulch is very helpful.

**PRICES: All kinds listed below.**

1 year—Not branched	\$2.60	} Add 50c. packing on orders under \$10.
2 year—Branched	3.90	
3 year—Heavier	5.25	
(All varieties in above sizes)		

Height about 3 to 4 feet in all ages, except Apples, often still dwarfer.

## KINDS OF DWARFS AVAILABLE

**Root Stocks:** Apples on Malling types (mostly No. 9), certain kinds on 1, 2, 3 or 7 for reasons based on long experience. Pears are on Quince; Plums on St. Julien; other fruits on Almond.

# Huge Hybrid Blueberries

(*Vaccinium corymbosum* named varieties)

Really beautiful as specimens or in hedges. Suited for use in small quantities in the small garden. A 100-foot hedge will pay about \$25 worth of berries a year! (Spaced 18 inches.)

**Why Wait? Plant Some NOW!**

And enjoy the berries sooner. Not only will they add beauty to your garden but each bush will pay for itself many times over! Hardy throughout U.S.A. Blueberries do fully as well with fall planting as with spring.

## Varieties and Prices

	(Each)	(10)	(25)	(100)
2 year ( 6 to 12 in.)	\$1.25	\$11.00	\$25.00	\$80.00
3 year (12 to 18 in.)	1.75	16.00	35.00	120.00
4 year (18 to 24 in.) (bearing)	2.00	18.50	40.00	150.00
4 year (2 to 3 ft.)	2.50	22.50	55.00	200.00

**Cabot**—Early, broad spreading bush. Home use.  
**Concord**—Hardy, upright, midseason. Fine quality. Large.  
**Jersey**—Latest and largest berry. Hardest. Best shipper.  
**June**—Erect bush. Earliest, dark blue berries.  
**Rancocas**—Early, good quality. Good shipper.  
**Rubel**—Late. Tallest, most erect. Good shipper.  
**Stanley**—Finest quality of all. Light blue. Spreading.  
**Burlington**—Newest named kind. Later than all others. Good shipper. Large. Good quality.

**Mixed**—Our selection, good pollenizers.  
18-24 inch.....10 for \$16.00

Set the plants in beds 4 feet apart each way. Several varieties should be included in every planting, as an exchange of pollen is necessary to produce good crops of berries. Or order "mixed" if you wish—we will assort for good pollenization. **All varieties are almost equally fine.**

# YOUNG NATIVE ARISTOCRATS

Photo: *R. maximum* size 1, 3 years later.  
Insert: *Kalmia* size 1.

*Rhododendrons low as 35c*

**SIZE 1: AS SMALL AS CAN BE SHIPPED SAFELY, 12 to 15 in. (Ball) Plants—1 to 3 Stem.**

This special "Young Aristocrat" grade measures 12 to 15 inches with a small ball, weighing one or two pounds only. This stock is not to be compared for a minute with ordinary collected plants. It is on the contrary all carefully dug, the greatest pains being taken to preserve the roots. Carefully packed, it is easily planted and makes a quick start. Shipped from North Carolina, yet express runs only about 6c each (in 100 lots).

<b>Rhododendron</b>	(10)	(25)	(100)
maximum .....	\$6.00	\$10.00	\$35.00
carolina .....	7.50	15.00	55.00

catesbaei .....	6.00	11.25	37.50
<b>Kalmia (Mountain Laurel)</b>			
latifolia .....	6.00	11.25	40.00

**SIZE 2: AS SMALL A PLANT AS LOOKS SHAPELY. 12 to 15 in. B&B Clumps, 4 to 6 Stems.**

These might be called "Junior Specimens." The ball weighs about 5 pounds per plant, individually burlapped. They are 2 years older than Size 1. Express runs about 20 cents per plant. You can expect some blooms the year after planting. These really "look like something" the day they are planted.

	(10)	(25)	(100)
<b>Azalea</b>			
Calendula .....	\$11.00	\$25.00	\$ 95.00
<b>Kalmia (Mountain Laurel)</b>			
Latifolia .....	11.00	25.00	95.00
<b>Leucothoe (Fetterbush)</b>			
Catesbaei .....	11.00	25.00	95.00
<b>Rhododendron</b>			
Carolina .....	12.50	30.00	115.00
Catawba .....	12.50	30.00	115.00
Maximum .....	11.00	25.00	95.00

**SIZE 3: BUSHY, HEAVY CLUMPS 1½ to 2 FEET B&B.**

**Any five** (your selection from the above 6 kinds) for **\$15.75.** Additional at \$3.00 each. Express about \$4.00 for the 5.

## Bargains in Larger Young Trees

**Plan Ahead—Plant Now!** Since a young tree requires little care, and is much less expensive and trouble than a large one, it pays to plan ahead. Set out NOW the trees you plan for the future.

<b>ACER</b>	(10)	(100)		(10)	(100)

## **SPRING'S COMING**

And it will be better growing weather than we have had for some years, thanks to plentiful snowfall for the first time in decades. For unpleasant as snow is to us, plants get from it (1) insulation against cold, so they come uninjured and vigorous through the winter; (2) moisture deep in the ground when spring thaws the snow; (3) nitrogen from the air—enough to give an extra growing start in early spring. Now is the time to do any planting jobs you may have been holding back on—plant that hedge, replenish your shrubbery, set out those shade trees, make that flower border.

And this folder is much more than just a list of a few special items on which we can give advance prices. It is a reminder to get your plans made—to order early and take full advantage of the favorable season coming.

Many things are in short supply — small evergreens for instance — and we suggest prompt orders. If you do not see what you want in this folder, we will gladly send a complete catalog. Your request will be sure of attention if you will address it to "Department X".
